PROFILE

Informatics Engineering fresh graduate with professional experience in Business Intelligence and Data Analytics through enterprise-scale Power BI development. Proficient in Microsoft Fabric, Power BI, DAX, Power Query, ETL, and data modeling, with experience delivering reporting solutions that support supply chain, commodity trading, and business decision-making in a multinational environment.

PROFESSIONAL EXPERIENCE

IT Digital Intern (Business Intelligence) | Sudirman, Jakarta

Feb 2026 - Present

PT SMART Tbk

- Led dashboard inventory and assessment for 30+ upstream and downstream Power BI dashboards across EU, Italy, Mexico, and Colombia regions, supporting Microsoft Fabric capacity optimization and reporting governance initiatives.
- Developed end-to-end Business Intelligence solutions using Power BI, DAX, Power Query, Microsoft Fabric, and SSIS, including ETL processes, data modeling, and interactive dashboard development to support business decision-making.
- Collaborated with Business Intelligence teams in Malaysia and the Netherlands as well as international business users to gather requirements, deliver downstream analytics solutions, and support SIT, UAT, and production deployments.

Data Analyst | Remote

Jul 2024 - Mar 2025

Freelance (Confidential Client)

- Provide end-to-end data solutions for diverse technical projects, ranging from data preprocessing.
- Successfully delivered over 15+ high-complexity analytical projects with an average model accuracy of 85% or higher. Transformed raw, unstructured datasets into actionable reports, reduce data processing time by 30%.

Laboratory Assistant - Digital Systems | Purwokerto

Feb 2023 - Jul 2023

Informatics Department of Telkom University Purwokerto

- Facilitated laboratory sessions focusing on Logic Gates, Boolean Algebra, and Combinational Circuits for over 40+ students.
- Guided students during lab sessions and assessed assignments.
- Achieved a 100% lab module completion rate for my assigned classes.

EDUCATION

Bachelor of Informatics

Aug 2021 - Jul 2025

Telkom University Purwokerto

- GPA: 3.93/4.00 [\[Transcript\]](#)
- Thesis : Sentiment Analysis using SVM & Naive Bayes on Google Maps Reviews [\[Paper\]](#)
- Activities: Lab Assistant, Study Projects, Bootcamp Participation, Organization, Volunteer.

COURSES

Bangkit Academy (Campus Merdeka) | Remote

Nov 2023 - Jan 2024

Machine Learning Cohort

- Final Score : 90,3 [\[Transcript\]](#)
- Completed courses in 3 month, covering: Python Automation, Data Analytics, Mathematics, Machine Learning, Deep Learning, and Generative AI.
- Developed and deployed a mobile-integrated Convolutional Neural Network (CNN) using TensorFlow and Google Cloud Platform, achieving 82% accuracy. [\[Paper\]](#)

SKILLS & CERTIFICATIONS

- Data Analysis & Machine Learning: Python (Pandas, Scikit-learn, NumPy), SQL (BigQuery, PostgreSQL), EDA, and ML Algorithms (Regression, Classification, Clustering).
- Data Visualization & Tools: Power BI, Tableau, Microsoft SSIS, Microsoft Fabric, Asana, DOMO.
- BNSP Database Programmer | [\[Certificate\]](#) | (Dec 2024)
- Data Analysis DQLab Certificate | [\[Certificate\]](#) | (Jun 2024)
- Machine Learning Course Certificate | [\[Certificate\]](#) | (Sep 2023)
- Google Data Analytics Professional Certificate | [\[Certificate\]](#) [\[Certificate\]](#) | (Sep 2023)
